Planter
Catalog

Table of Contents

Resin Fiberglass Planters Page 1 - 18

Planters are hand molded using a high performance resin fiberglass composite which is light weight, extremely durable, long lasting and weatherproof.

Fiberglass Planters Page 19 - 21

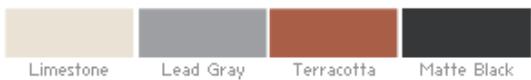

Planters are machine molded using fiberglass in its composition. Planters are light weight, durable and can withstand harsh weather conditions.

Teak Planters Page 22 - 23

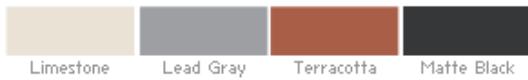

Planters are hand manufactured using Teak hardwood harvested using sustainable forestry standards. Teak is one of the strongest and most durable types of wood available. The high oil content provides superior resistance to decay and can endure extreme weather conditions and temperatures.

Cedar Planters Page 24 - 25

Planters are hand manufactured using white cedar. Cedar is a traditional planter material, light weight, strong and resistant to decay.
